Pakistan Kidney and Liver Institute and Research Center (PKLI&RC) is a center of excellence in health care which will provide state-of-the-art clinical services, initially in Nephrology, Urology, Hepatology, Hepato-Biliary surgery, Kidney Transplant and Liver Transplant and to other special medical centers of the future. PKLI&RC aims to develop innovative strategies that will address disease prevention, medical care, cutting-edge research, medical training, and following international medical and ethical standards. PKLI&RC will use all its resources to deliver quality care to all without any discrimination based on financial status, race, gender or religion.

PKLI&RC has become the terminus of a healthcare hub in Pakistan and holds a prominent position in the international healthcare sector. With the approval of the honorable Chief Minister of Punjab Mr. Shahbaz Sharif and the Department of Health, Government of Punjab, the Board of Governors of PKLI&RC, the independent governing body, which defines and implements its own policies, procedures and remunerations. PKLI&RC drives to make an impactful work place where its employees will receive the tools required to advance their professional growth in an academically enhanced environment of mutual respect and dignity. The institute offers competitive salaries, incentives and plans as decided by PKLI&RC’s independent Board of Governors.
